The funding is provided through USDA Rural Development's Community Facilities program, which helps finance essential community facilities for public use in rural areas. These facilities include child care centers, hospitals, medical clinics, assisted-living facilities, fire and rescue stations, police stations, community centers, public buildings and transportation. Through this program, USDA ensures that such facilities are available to all rural residents. These funds are available to public bodies, non-profit organizations and federally recognized Indian tribes. More information about USDA Rural Development can be found at www.rurdev.usda.gov.
